## The Goudy Collection

Type designer, Frederic W. Goudy lived in Marlboro from 1924 until his death in 1947. His home was located on Old Post Road, and was given the name "Deepdene." On his property, Goudy set up a shop where he designed many types, one of which he named, "Marlborough." In Goudy's book, *Goudy's Type Designs: His Story and Specimens*, he wrote, "the type was given the name 'Marlborough' after the name of the town where it was designed. I do not think the town itself was ever aware of the 'honor' paid it!"
